

## **CHECK LIST:**

Please be sure your child brings the following documentation.

1. Passport and photocopy of first pages of passport, including visa page
2. Copies of medical insurance coverage for the school files
3. Student visa. Student visa is not required for students who are legal residents of Italy or whose residence does not exceed three months. Choate students do not require a student visa and do not need to contact an Italian Consulate
4. For those requiring a student visa: Authorization for medical insurance from the Italian Consulate, which states that the student's medical insurance is valid in Italy. This is in addition to the student visa and the medical insurance. If the Italian Consulate does not certify this insurance, then students must purchase upon arrival an "Emergency Hospital Coverage" policy form the Italian insurance company, Assitalia. The cost for 12 months is 77.46 euro, or for 6 months – 38.73 euro. The school will facilitate payment for the Emergency Hospital Coverage for those who need it.
5. Completed health/medical forms. These forms MUST include dates of all inoculations and immunizations, including tetanus and hepatitis B and meningitis
6. One photo for the students' identity card and five photos for the resident's permit.
7. Return air ticket
8. The last page of 2006-2007 Boarding Department Rules and Routines with signatures from both the student and parent(s)
9. Signed permission form regarding overnight visits
10. Notification if you wish to restrict the amount of pocket money your child can withdraw each week from his/her student account
11. Rooms are wired for computer use. To access the internet on the school's network, the computer will require the installation of a network card.  
Ethernet RJ45 10base T Lan adapter  
Ethernet RJ45 100base T LAN adapter  
Ethernet RJ45 10/100 LAN adapter

Imacs, Ibooks and Powermacs have the card already installed. PC's require installation of the card.

Now there is also wireless Internet connection in the school. The IT coordinator will set it up for the students upon arrival.
